TUITION FEES

Tuition

The Board of Education will permit non-resident students from other school districts to attend local schools when they can be accommodated in existing classes. The students or their sending district shall pay a tuition fee to be established annually by the Board of Education. **At the same meeting the Board shall establish the preschool tuition both for residents and for non-resident staff.** Students will be charged any excess costs for programs and services provided beyond the general education curriculum in addition to the base tuition rate. Non-resident attendance with tuition shall be for one school year or less to be extended pending approval. The Superintendent shall retain the right to terminate a non-resident student should the student violate school or district policy as set forth in the contract between the parents/guardians and the Board. The tuition fee may be adjusted as changes in costs indicate unless a multiple year agreement to provide educational facilities is entered into with another Board of Education. Notice shall be given at least one year prior to the discontinuance of service for non-resident high school students.

When a student is accepted into a special education program, the tuition cost shall be the total of any excess costs for programs and services provided beyond the general education curriculum or as set by the Board of Education. The per student expense is defined as the approved annual budget less transportation, special education, and free/reduced lunch which is then divided by the project enrollment.

Tuition rate as follows:

BA, WJJMS, JJIS, CES: Full time rate

Special Education: Annual tuition to be determined based on level of services needed **(see below).**

Tuition and Fees for Children of Non-resident Staff

Children of non-resident, full-time staff may be allowed to attend Colchester Public Schools in grades K-12 with the written approval of the Superintendent of Schools following a written request. The guidelines in the sections above shall apply to such requests except for the payment terms and schedule described below.

Children of non-resident, full-time staff may be allowed to attend Colchester Public Schools' Preschool program. Staff may enter their students into the lottery process and if selected will pay the full preschool tuition. Administration shall annually set a maximum number of seats for children of non-resident staff based on the availability of total seats.

1. The annual tuition for these students will be based on the staff member's length of continuous service in the Colchester Public School System.

- 0-2 years of completed service - the staff member will be charged 50 percent (50%) of the tuition rate established above.
- 3-10 years of completed service - the staff member will be charged 25 percent (25%) of the established tuition rate.
- 10 or more years of completed service - the staff member will be charged 10 percent (10%) of the tuition rate established

2. If special education services are required, and the student's IEP includes provisions requiring additional expenditures, such as additional staff or outside services, the staff member shall be charged those additional costs as fees in addition to the tuition charge without any proration or reduction for years of service. If services can be accommodated with current staff then no additional charges will be made.
